All Guam Department of Education students will graduate from high school prepared to pursue post-secondary education on or off-island or to assume gainful employment within the public or private sector. (GDOE SSP Goal 1)

Critical Area(s): 1: *In order to ensure every child is learning at high levels, staff at PCLES should continue to engage in a schoolwide consensus mapping process that is vertically and horizontally aligned and informed by analysis of whole and sub-group formative and summative assessment data. 5: Action Plan #1 can have a more powerful impact if the focus on data analysis leads to discussion and in depth critique of lessons, objectives, skill alignment to standards, instructional strategies, differentiated instruction, assessments and curricular resources. Every successful (and unsuccessful) lesson design can provide a springboard for professional dialogue and increased student achievement.*

Goal 2: All Guam Department of Education instructional personnel will meet high standards for qualifications and ongoing professional development and will be held accountable for all assigned responsibilities. (GDOE SSP Goal 3)

Critical Area: 2: *In order for students to become 21st century learners the administration should fully implement and expand the technology curriculum providing teachers with the necessary skills to be proficient at using technology for instructional purposes providing students with tools for learning.*

Goal 3: All members of the Guam Department of Education Community will establish and sustain a safe, positive and supportive environment. (GDOE SSP Goal 4)

Operations activities will maximize the critical uses of limited resources and meet high standards of accountability. (GDOE SSP Goal 5)

Critical Area: 3: *Staff, community and parents should continue to provide a positive, safe, and healthy environment for all students to ensure that the culture of the school supports and enhances learning.*

4: *Parent involvement is being defined and clarified at PCLES. Once the teachers have determined how all parents can best support the school's goals a detailed series of tasks should be identified, Implemented, and evaluated for effectiveness.*

Parents/Guardians are encouraged to be in communication with their child's teacher and the principal to ensure the school is aware of any unforeseen circumstances or situations that may prevent a student from attending school. One or more of the following may occur should data indicates a student's academic/social progress been jeopardized due to non attendance:

Referral to CPS, the School to conduct a Child Study Team meeting to consider retention, court filing for truancy.

The Student Conduct Procedural Manual SOP 1200-018 states that elementary students must be in attendance **for half of the instructional day in order** to be considered present.

CURRICULUM

District Instructional Coaches (ICs) and District Mentors(DMs) have been working closely with teachers at the school level to identify *Priority Standards, Skills, and Topics (PSSTs)* as a framework of what students know and be able to do. This collaboration allows educators to clarify the most essential content knowledge and skills, which is in support of GDOE's Strategic Plan. The process is ongoing as the district continues this collaborative effort across the different grade levels.

PCLES, utilizes various formative and summative assessments to include; grade level common formative assessments, end of chapter textbook assessments, IXL and Aimsweb.

SPECIAL PROGRAMS: GIFTED & TALENTED, SPECIAL EDUCATION, ESL CLASSES

Gifted and Talented Education (GATE): Teachers may recommend students to be assessed who may be displaying high academic performance or other talented abilities. Parents may also request and may inform their child's teacher. Students must score at a certain level to be accepted into the program based on their criteria. GATE classes are a pull-out service.

Special Education Program (SPED): Students who may be struggling academically may be eligible for Sped Services. Teachers who initiate the process will inform parents and a Child Study Team (CST) meeting will first be held. Should it be determined that a referral will be submitted to Sped for further assessments, the parent will sign the Permission to Evaluate Forms. Parents may also request for a CST meeting to be held to further discuss their child's concerns, whether it be academic, behavior or in other areas.

English as a Second Language Classes (ESL): Students whose second language is English will benefit from our ESL pull out classes. Students are administered an assessment, likewise based on their Home Language Survey they may automatically become eligible.

ACCREDITATION

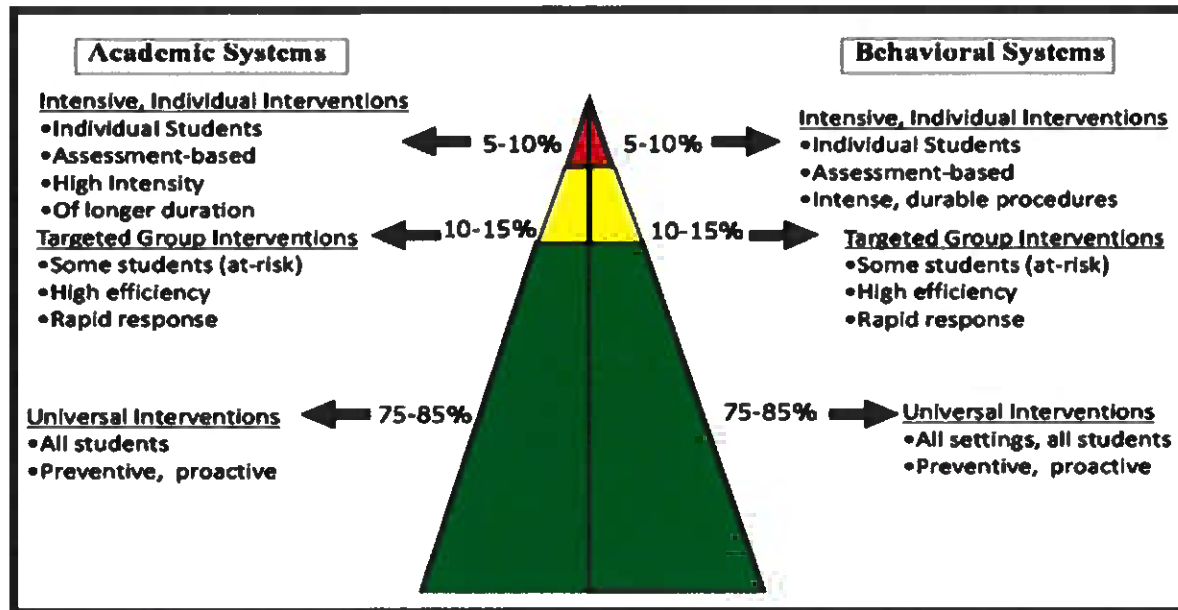

The school just completed its full self-study in May 2022. PCLES has a three year school action plan in place and will look forward to the mid cycle visit in 2025 to review the school's progress with the WASC visiting team. It is the desire of the school to maintain its accreditation status and seeks the participation of parents and guardians to be part of our Focus Groups. Please contact your child's teacher to get more information and see our website to review our self-study report and school action plan.

Accreditation is important because it validates that we are a trustworthy institution that is committed to the process of regularly examining our programs, processes and data around our school goals.

FRAMEWORK UTILIZED WHEN STUDENTS NEED ACADEMIC AND/OR BEHAVIOR SUPPORTS

Response to Intervention (RTI)

Response to intervention integrates assessment and intervention within a multi-level prevention system to maximize student achievement and to reduce behavioral problems.

With RTI, schools use data to identify students at risk for poor learning outcomes, monitor student progress, provide evidence-based interventions and adjust the intensity and nature of those interventions depending on a student's responsiveness, and identify students with learning disabilities or other disabilities.

STUDENT DISCIPLINE

The school and home must work together to remind and reinforce appropriate behaviors expected. Teachers are encouraged to address minor classroom offenses, likewise staff should address a minor incident that occurs out in the playground. Providing loving but firm guidance is important to ensure the safety of all students. Time away from school may be recommended by the principal to give time for the student to think about his/her action(s).
